file folder fasteners

Self-adhesive **foamclip® fasteners** are a perfect choice for organizing any 2-hole punched papers. These fasteners bond permanently to file folders, pressboard, plastic, wood, glass, even metal. With their superior strength, **foamclip® fasteners** can't be pulled off like other brands! The 2-3/4" center-to-center, 1-1/2" capacity fastener is easy to use; just peel off backing paper and press fastener into place.

stock no.	description	fasteners/box
56807	foamclip fasteners	100

Self-adhesive **sup'r grip fasteners** are an ideal space-saving solution for large files. Long 2" prongs accommodate 2-hole punched material, while the ultra-thin design saves valuable filing space. Fasteners are heat bonded onto pressure-sensitive, 60 lb. manila-colored paper to hold even the bulkiest files without tearing. Printed aligning guides on each strip ensure accurate placement. 4 fasteners per sheet; 25 sheets per box.

poly & vinyl pockets

Clear see-thru pockets are available in several sizes to fit all your needs. It's easy to add a pocket to your file or binder; simply peel off the protective backing and apply the self-adhesive side to your folder. Pockets are sealed on three sides. Store x-rays, forms, immunization records, computer diskettes, CD's and more.

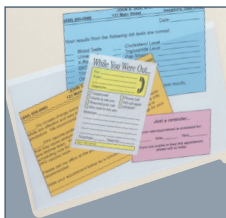

POLY POCKETS provide easy access to information.

file folder label protectors

End Tab

file folder label protectors eliminate dirty, worn, dog-eared file folders and file folder labels. Clear, wrap-around, self-adhesive protectors keep file folders and labels clean and prevent them from falling off, extending the life of the folder. Name label protectors can also be used "flat" to attach miscellaneous materials to any surface.

full end tab protectors

end tab protectors are an ideal solution for extending the life of shelf file folders. Clear protectors wrap around folder end tabs, preventing labels from cracking or popping off, and protect against wear and tear. Self-adhesive, 8" x 2" protectors can be easily applied to all types of end tab file folders to keep them looking neat and clean longer.

spine edge protectors

spine edge protectors

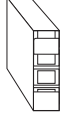

keep heavily used file folders looking good longer by protecting edges from cracking or splitting. The 11" x 2" clear, wrap-around protector is easily applied to the bottom edge of a file folder, where the most wear and tear occurs as the folder is moved in and out of shelf file cabinets.

col'r'tab® color code labels

Original Col'RTab® color code labels provide the best value of any label system in the industry. The unique hinged construction allows for consistent and quick application to file folders, pockets, or even pressboard folders. The clear, outside skirt offsets any tendency for the labels to "hook" onto one another when pulled from the shelf. Made with heavy duty paper and fade-resistant inks. Do not settle for inexpensive color matches – realize the value and savings by using only original Col'RTab products!

laser/inkjet label sheets

Multi-use **laser/inkjet label sheets** are useful for mailings, announcements, getting organized, tracking or recalling documents in legal proceedings and more. Labels are easy to apply for convenient, personalized labels anytime. Sheets are shrink-wrapped in packages and are fully compatible with both laser and inkjet printers. Labels feed automatically from paper tray and are centered on sheets so they can be fed using either the top or bottom as the lead edge. See your printer manual for additional feeding instructions.
